

Curriculum Vitae of Juan M. Dominguez, Ph.D.

The University of Texas at Austin
Department of Psychology
Seay Building 5.252
108 E Dean Keeton, Stop A8000
Austin, Texas 78712-1043

Phone: (512) 232-8050

E-mail: dominguez@utexas.edu

URL: <http://www.psy.utexas.edu/psy/faculty/Dominguez/dominguez.html>

University Centers and Institute:

- Institute for Neuroscience, The University of Texas at Austin
- Waggoner Center for Alcohol and Addiction Research, The University of Texas at Austin
- Center for Behavioral Neuroendocrinology, The University of Texas at Austin

EDUCATION:

Ph.D. in Psychology, Behavioral Neuroscience (2002), Department of Psychology, University at Buffalo, The State University of New York, Buffalo, NY.

B.A. in Psychology, concentration in Biopsychology (1995), Department of Psychology, University at Buffalo, The State University of New York, Buffalo, NY.

ACADEMIC POSITIONS:

2014-Present: **Director of Undergraduate Studies.** The University of Texas at Austin, Department of Psychology.

2012-2014: **Area Chair, Behavioral Neuroscience.** The University of Texas at Austin, Department of Psychology.

2012-Present: **Associate Professor.** The University of Texas at Austin, Department of Psychology and Institute for Neuroscience.

2008-2012: **Assistant Professor.** The University of Texas at Austin, Department of Psychology and Institute for Neuroscience.

2006-2008: **Assistant Professor.** American University, Washington D.C., Department of Psychology; Behavior, Cognition, and Neuroscience Graduate Program.

2004-2006: **Associate Research Professor.** Florida State University, Department of Psychology & Neuroscience Program.

2002-2004: **Postdoctoral Fellow.** The University of Cincinnati College of Medicine, Department of Psychiatry and the Department of Molecular Biology, Neurobiology & Anatomy (dual appt.)

RESEARCH

PUBLICATIONS:

Articles in refereed journals:

1. Will, R.G., Nutsch, V.L., Turner, J.T., & Dominguez, J.M. (in press). Astrocyte density in the medial preoptic area correlates with male sexual activity. *Behavioral Neuroscience*. (peer-reviewed)

2. Nutsch, V.L., Will, R.G., Hattori, T., Tobiansky, D.J., & Dominguez, J.M. (2014). Sexual experience influences mating-induced activity in nitric oxide synthase-containing neurons in the medial preoptic area. *Neuroscience Letters*, 579: 92-96. (peer-reviewed)
3. Will R.G., Hull, E.M., & Dominguez, J.M. (2014). Influences of dopamine and glutamate in the medial preoptic area on male sexual behavior. *Pharmacology, Biochemistry & Behavior*, 121: 115-123. (peer-reviewed)
4. Tobiansky, D.J., Roma, P.G., Hattori, T., Will, R.G., Nutsch, V.L., & Dominguez, J.M. (2013). The medial preoptic area modulates cocaine-induced activity in female rats. *Behavioral Neuroscience*, 127(2): 293-302. (peer-reviewed)
5. Tobiansky, D.J., Hattori, T., Scott, J.M., Nutsch, V.L., Roma, P.G., and Dominguez, J.M. (2012). Sex-relevant olfactory stimuli activate the rat brain in an age-dependent manner. *NeuroReport*, 23: 1077-1083. (peer-reviewed)

32. Hull, E. M., Dominguez, J. M., & Muschamp, J. W. (2006). Neurochemistry of male sexual behavior. In Abel Lajtha & Jeffrey Blaustein (Eds.). *Handbook of Neurochemistry and Molecular Neurobiology 3rd Edition* (pp. 37-94). New York, NY: Springer Publishers.
33. Hull, E. M., & Dominguez, J. M. (2003). Sex behavior. In M. Gallagher, R.J. Nelson, & I.B. Weiner (Eds.), *Handbook of Psychology, Volume 3, Biological Psychology* (pp. 321-353). Wiley & Sons.

Book:

34. Hull, E. M., & Dominguez, J.M. (2009). *Study Guide for Kalat's Biological Psychology Textbook 10th Edition*. Wadsworth Press.

GRANTS:

Awarded:

National Institutes of Health Research Project Grant, R01-DA-032789, 2012-2017.

A role for the preoptic area in modulating cocaine reward, OSP# 201100355.

Project Period: 4/1/2012-3/31/2017. (\$1,500,773 Direct and indirect total)

Role: Principal Investigator

2012-2013 (\$299,991)

2013-2014 (\$300,289)

2014-2015 (\$300,424)

2015-2016 (\$300,167)

2016-2017 (\$299,902)

National Institute of Health Research Project Grant, R21-DA-023604, 2009-2012.

A Role for the medial preoptic area in regulating gender-sensitive differences in response to cocaine, OSP# 200900916.

Project Period: 6/20/2009-5/31/2012. (\$401,360 Direct and indirect total)

Role: Principal Investigator

2009-2010 (\$219,680)

2010-2011 (\$181,680)

Submitted:

National Institutes of Health, R21, pending review.

Ovarian hormone modulation of alcohol preference and consumption.

(\$275,000 proposed budget)

National Science Foundation Project Grant, NSF-IOS-1225057, pending review.

Reproductive experience and the brain, OSP# 201100091.

(\$509,773 proposed budget)

National Science Foundation REU Site Grant, NSF-SMA-1063096, pending re-submission.

REU Site: SuRe Texas Psychology.

(\$259,560 proposed budget)

Past:

Postdoctoral Fellowship, NIH Training Grant (8/1/2002-6/30/2004)
Salary \$27,000 per year.

Graduate Student Fellowship, NIH (9/1/1996-5/31/1999)
\$2,400 per year stipend plus paid tuition.

AWARDS & HONORS:

- **Elected, Membership Board, Council of Representative**, American Psychological Association, Jan 2015- Dec 2017.
- **Fellow of The American Psychological Association**, inducted August 2014, Washington DC.
- **Excellence in Reviewing Awards** (Elsevier): *Hormones and Behavior* (2013); *Physiology and Behavior* (2013); *Physiology and Behavior* (2007).
- **The Society for Teaching Excellence**, The University of Texas at Austin, inducted Fall 2011.
- **Andrew W. Mellon Foundation**, Career Enhancement Award, awarded November 2006
- **Text and Academic Authors Association publication award.**
- **The Young Investigator Award**, The Society for Behavioral Neuroendocrinology (2004)
- **Award for Postdoctoral Fellows**, The Society for Behavioral Neuroendocrinology (2003)
- **Scholar**, The Society for Neuroscience (2002)
- **The Graduate Student Excellence in Teaching Award**, University at Buffalo, The State University of New York (2002)
- **Outstanding Graduate Student Research Award**, awarded by Sigma Xi, The Scientific Research Society, Western New York State chapter competition (2002)
- **Conway Institute of Biomedical Research**, Graduate Student Award, 9th International Conference on In Vivo Methods (Dublin, Ireland, 2001)
- **Outstanding Graduate Student Research Award**, awarded by Sigma Xi, The Scientific Research Society, Western New York State chapter competition (2001)
- **Mark Diamond Foundation Fellowship**, in support of outstanding research (2001-2002)
- **Graduate Student Teaching Recognition**, Department of Psychology, University at Buffalo, The State University of New York, Buffalo, NY (1999)
- **Ronald E. McNair Scholar** (1995)

SCHOLARLY PRESENTATIONS/ABSTRACTS:

Will, R.G., Martz, J.R., Hattori, T., & Dominguez, J.M. (2014, November). *The medial preoptic area modulates cocaine-induced locomotion in male rats*. Poster presented at the meeting of the Society for Neuroscience (44th Annual Meeting), Washington, DC.

Turner, J., Harvey E.A., Hattori, T., Will, R.G., Tobiansky, D.J., Nutsch, V.L., & Dominguez, J.M. (2014, November). *Arc expression in sexually-relevant brain areas following differing exposure to sexual stimuli and experience in male rats*. Poster presented at the meeting of the Society for Neuroscience (44th Annual Meeting), Washington, DC.

Tobiansky, D.J, Hattori, T., Will, R.G., Turner, J.M., Lominac, K.D., Krishnan, K., Nutsch, V.L., & Dominguez, J.M. (2014, August). *A role for the medial preoptic area in mediating a response to cocaine*. Paper presented at the 18th Society for Behavioral Neuroendocrinology/8th International Congress of Neuroendocrinology Conference, Sydney, Australia.

- Nutsch, V.L., Will, R.G., Gore, A.C., Bell, M.R., Weiling, Y., Dominguez, J.M. (2014, June) *Estrogenic regulation of gene expression in the amygdala, preoptic area and basal nucleus of the stria terminalis during aging*. Poster presented at the 16TH annual meeting of International Congress of Endocrinology/96th ENDO, Chicago, IL.
- Martz, J.R., Will, R.G., Hattori, T., & Dominguez, J.M. (2014, May) *The mPOA Modulates Cocaine-Induced Locomotion in Male Rats*. Poster presented at the meeting of the Association for Psychological Science, San Francisco, CA.
- Tobiansky, D.J., Hattori, T., Will, R.G., Turner, J.M., Nutsch, V. L., & Dominguez, J. M. (2012, October). *Phenotyping medial preoptic area efferents that influence the mesolimbic system*. Paper presented at the meeting of the Society for Neuroscience (42nd Annual Meeting), New Orleans, LA.
- Will, R.G., Nutsch, V. L., Turner, J.M., & Dominguez, J. M. (2012, October). *Density of astrocytes in the preoptic area correlates with sexual efficacy in naive males*. Poster presented at the meeting of the Society for Neuroscience (42nd Annual Meeting), New Orleans, LA.
- Nutsch, V. L., Will, R.G., Turner, J.M., & Dominguez, J. M. (2012, October). *Mating-induced activation of cells containing dopamine receptor in the medial preoptic area of male rats*. Poster presented at the meeting of the Society for Neuroscience (42nd Annual Meeting), New Orleans, LA.
- Tobiansky, D.J., Will, R.G., Nutsch, V. L., Hattori, T., & Dominguez, J. M. (2012, June). *Dopamine-sensitive GABA-producing cells in the medial preoptic area project to the ventral tegmental area*. Poster presented at the meeting of the Society for Behavioral Neuroendocrinology, Madison, Wisconsin.
- Tobiansky, D.J., Roma, P.G., Hattori, T., Will, R.G., Nutsch, V. L., & Dominguez, J. M. (2012, June). *The medial preoptic area modulates cocaine-induced reward*. Poster presented at the meeting of the Society for Behavioral Neuroendocrinology, Madison, Wisconsin.
- Will, R.G., Nutsch, V. L., & Dominguez, J. M. (2012, June). *Astrocytes in the preoptic area may modulate copulation in males*. Poster presented at the meeting of the Society for Behavioral Neuroendocrinology, Madison, Wisconsin.
- Nutsch, V. L., Hattori, T., Tobiansky, D.J., & Dominguez, J. M. (2012, June). *Mating activates nitric oxide synthase containing cells in the paraventricular nucleus*. Poster presented at the meeting of the Society for Behavioral Neuroendocrinology, Madison, Wisconsin.
- Tobiansky, D. J., Roma, P. G., Hattori, T., Nutsch, V. L., Puga, F., & Dominguez, J. M. (2011, November). *The medial preoptic area modulates cocaine-induced reward*. Paper presented at the meeting of the Society for Neuroscience (41st Annual Meeting), Washington, D.C.
- Nutsch, V. L., Hattori, T., Tobiansky, D. J., Gore, A. C., & Dominguez, J. M. (2011, November). *Aging influences mating-induced activation of estrogen-sensitive cells in the medial preoptic area*. Paper presented at the meeting of the Society for Neuroscience (41st Annual Meeting), Washington, D.C.
- Tobiansky, D. J., Hattori, T., & Dominguez, J. M. (2010, November). *The medial preoptic area influences cocaine-induced activity in the ventral tegmental area*. Paper presented at the meeting of the Society for Neuroscience (40th Annual Meeting), San Diego, CA.

- Nutsch, V. L., & Dominguez, J. M. (2010, November). *Colocalization of nitric oxide synthase and mating-induced Fos in the medial preoptic area of male rats*. Paper presented at the meeting of the Society for Neuroscience (40th Annual Meeting), San Diego, CA.
- Kleitz-Nelson, H. K., Dominguez, J. M., & Ball, G. F. (2010, November). *Dopamine release in the medial preoptic area is linked to sexual motivation*. Paper presented at the meeting of the Society for Neuroscience (40th Annual Meeting), San Diego, CA.
- Tobiansky, D. J., Hattori, T., Westerman, A. T., D'Addesio, E., & Dominguez, J. M. (2010, July). *Sex-relevant olfactory stimuli activate brain regions in an age dependent manner*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Toronto, Canada.
- Nutsch, V. L., Wu, D., Gore, A. C., & Dominguez, J. M. (2010, July). *Age and sexual experience influence mating-induced phosphorylation of NMDA receptors in the medial preoptic area*. Poster presented at the meeting of the Society for Behavioral Neuroendocrinology, Toronto, Canada.
- Tobiansky, D. J., Hattori, T., D'Addesio, E., Westerman, A. T., & Dominguez, J. M. (2010, April). *Sexually relevant olfactory stimuli activate the medial preoptic nucleus in an age-dependent manner*. Paper presented at the meeting of the Association for Chemoreception Sciences (32nd Annual Meeting), St. Petersburg, FL.
- Dominguez, J. M., Roma, P. G., Price, R. C., & Westerman, A. T. (2008, November). *Assessing the role of the medial preoptic area in ethanol-induced hypothermia and ataxia*. Paper presented at the meeting of the Society for Neuroscience (38th Annual Meeting), Washington, D.C.
- Kleitz-Nelson, H. K., Dominguez, J. M., & Ball, G. F. (2008, July). *Extracellular dopamine release in the medial preoptic area of male Japanese quail as measured by in vivo microdialysis during sexual behavior*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Groningen, The Netherlands.
- Westerman, A. T., Roma, P. G., & Dominguez, J. M. (2007, November). *The antiepileptic primidone impairs male rat sexual behavior*. Paper presented at the meeting of the Society for Neuroscience (37th Annual Meeting), San Diego, CA.
- Muschamp, J. W., Dominguez, J. M., Sato, S. M., Shen, R. Y., & Hull, E. M. (2007, November). *Increased Fos-immunoreactivity in hypocretin (orexin)-apposed ventral tegmental area dopamine neurons during male rat sexual behavior*. Paper presented at the meeting of the Society for Neuroscience (37th Annual Meeting), San Diego, CA.
- T. Blutstein, L. Risley, B. K. Yamamoto, Dominguez, J. M., & Mong, J. A. (2007, November). *Estradiol modulates vesicular glutamate content in the arcuate nucleus*. Paper presented at the meeting of the Society for Neuroscience (37th Annual Meeting), San Diego, CA.
- Dominguez, J. M., & Hull, E. M. (2006, October). *Serotonin inhibits mating-induced glutamate activity in the medial preoptic area: Implications for impaired libido resulting from SSRIs*. Paper presented at the meeting of the Society for Neuroscience (36th Annual Meeting), Atlanta, GA.
- Dominguez, J. M., Gil, M., & Hull, E. M. (2006, June). *Mating-induced glutamate release in the medial preoptic area of male rats: Regulation of ejaculation and refractory period*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Pittsburgh, PA.

- Muschamp, J. W., Sato, S., Dominguez, J. M., & Hull, E. M. (2006, June). *Gonadal regulation of hypocretin (orexin) immunoreactivity in male rats hypothalamus*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Pittsburgh, PA.
- Dominguez, J. M., Gil, M., Brann, J. H., & Hull, E. M. (2005, December). *Serotonin inhibits mating-induced glutamate activity in the medial preoptic area: Implications for impaired libido resulting from SSRIs*. American College of Neuropsychopharmacology (ACNP) 44th annual meeting, Waikoloa, HI.
- Dominguez, J. M., Gil, M., Hood, A. F., & Hull, E. M. (2005, November). *Mating-induced glutamate release in the medial preoptic area of male rats: Regulation of ejaculation and refractory period*. Paper presented at the meeting of the Society for Neuroscience (35th Annual Meeting), Washington, D.C.
- Gil, M., Smith, D. J., Hood, A. F., Dominguez, J. M., & Hull, E. M. (2005, November). *cAMP-dependent protein kinase inhibition in the medial preoptic area impairs copulatory behaviors in male rats*. Paper presented at the meeting of the Society for Neuroscience (35th Annual Meeting), Washington, D.C.
- Dominguez, J. M., Gil, M., Hood, A. F., & Hull, E. M. (2005, June). *Sexual experience increases nitric oxide synthase in the medial preoptic area of male rats*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Austin, TX.
- Gil, M., Smith, D. J., Hood, A. F., Dominguez, J. M., & Hull, E. M. (2005, June). *cAMP-dependent protein kinase inhibition in the medial preoptic area impairs copulatory behaviors in male rats*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Austin, TX.
- Straiko, M. M. W., Coolen, L. M., Jenkins, W. J., Dominguez, J. M., & Gudelsky, G. A. (2004, May). *Treatment with a monoamine-depleting regimen of MDMA diminishes the rewarding properties of sex in male rats*. Paper presented at the meeting of the Ohio Miami Valley Chapter of the Society for Neuroscience, Wright State University, Dayton, OH.
- Dominguez, J. M., Gil, M., & Hull, E. M. (2004, October). *Colocalization of nitric oxide synthase with NMDA receptors in the medial preoptic area: implications for sexual behavior*. Paper presented at the meeting of The Society for Neuroscience (34th Annual Meeting), San Diego, CA.
- Gil, M., Smith, D. J., Dominguez, J. M., & Hull, E. M. (2004, October). *The effects of cAMP-dependent protein kinase inhibition in the medial preoptic area on copulatory behaviors in sexually naïve rats*. Paper presented at the meeting of The Society for Neuroscience (34th Annual Meeting), San Diego, CA.
- Straiko, M. M. W., Coolen, L. M., Jenkins, W. J., Dominguez, J. M., & Gudelsky, G. A. (2004, October). *Treatment with a monoamine-depleting regimen of MDMA diminishes the rewarding properties of sex in male rats*. Paper presented at the meeting of The Society for Neuroscience (34th Annual Meeting), San Diego, CA.
- Dominguez, J. M. (2004, July; Young Investigator Award Presentation). *Activation of NMDA receptors in the medial preoptic nucleus is essential for the expression of male sexual behavior*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Lisbon, Portugal.
- Davis, J. F., Balfour, M. E., Aronow, B. J., Truitt, W. A., Dominguez, J. M., Jenkins, W. J., & Coolen, L. M. (2004, July). *Male sexual behavior causes transcriptional alterations of the*

- mosolimbic system*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Lisbon, Portugal.
- Dominguez, J. M., Balfour, M. E., & Coolen, L. M. (2003, November). *Copulation-induced activation of NMDA and AMPA receptor containing neurons in the medial preoptic nucleus (slide presentation)*. Paper presented at the meeting of The Society for Neuroscience (33rd Annual Meeting), New Orleans, LA.
- Dominguez, J. M., Balfour, M. E., & Coolen, L. M. (2003, June). *Copulation-induced activation of NMDA receptor containing neurons in the medial preoptic nucleus*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Cincinnati, OH.
- Truitt, W. A., Dominguez, J. M., & Coolen, L. M. (2003, June). *Galanin infusions into the medial parvocellular subparafascicular thalamic nucleus inhibit male sexual behavior*. Poster presented at the meeting of the Society for Behavioral Neuroendocrinology, Cincinnati, OH.
- Dominguez, J. M., Muschamp, J. W., Cedeno, C. D., Schmich, J. M., & Hull, E. M. (2003, November). *Glutamate-evoked dopamine release in the medial preoptic area is mediated by nitric oxide: Implications for male rat sexual behavior*. Glutamate and Disorders of Cognition and Motivation, a New York Academy of Sciences Conference, Yale University, New Haven, CT.

- Dominguez, J. M., Riolo, J. V., Xu, Z., & Hull, E. M. (2001, June). *Lesions of the medial amygdala impair copulation and attenuate extracellular dopamine in the MPOA.* Paper presented at the 9th International Conference on in vivo Methods: Monitoring Molecules in Neuroscience, Dublin, Ireland.
- Dominguez, J. M., Riolo, J. V., Xu, Z., & Hull, E. M. (2001, January). *Lesions of the medial amygdala impair copulation and attenuate extracellular dopamine in the MPOA.* Paper presented at the 32nd Annual Winter Conference on Brain Research, Steamboat Springs, CO.
- Dominguez, J. M., Riolo, J. V., Xu, Z., & Hull, E. M. (2000, November). *Lesions of the medial amygdala impair copulation and attenuate extracellular dopamine in the MPOA.* Paper

- presented at the meeting of The Society for Neuroscience (30th Annual Meeting), New Orleans, LA.
- Dominguez, J. M., Riolo, J. V., Xu, Z., & Hull, E. M. (2000, August). *Lesions of the medial amygdala impair copulation and attenuate extracellular dopamine in the MPOA*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Madrid, Spain.
- Dominguez, J. M., Riolo, J. V., Xu, Z., & Hull, E. M. (2000, November). *Lesions of the medial amygdala impair copulation and attenuate extracellular dopamine in the MPOA*. Paper presented at Sigma Xi, The Scientific Research Society, Chapter Meeting, Buffalo, NY.
- Dominguez, J. M., & Hull, E. M. (1999, October). *Influence of olfactory exposure to an estrous female on nitric oxide synthase in the MPOA of male rats*. Paper presented at the meeting of The Society for Neuroscience (29th Annual Meeting), Miami Beach, FL.
- Dominguez, J. M., & Hull, E. M. (1999, June). *Influence of olfactory exposure to an estrous female on nitric oxide synthase in the MPOA of male rats*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Charlottesville, VA.
- Panos, J. J., Sato, S., Powell, W. S., Putnam, S. K., Du, J., Markowski, V. P., Dominguez, J. M., & Hull, E. M. (1998, November). *The effects of prenatal TCDD treatment on male sexual behavior in rats*. Paper presented at the meeting of The Society for Neuroscience (28th Annual Meeting), Los Angeles, CA.
- Lorrain, D. S., Matuszewich, L., Friedman, R. D., Dominguez, J. M., Putnam, S. K., & Hull, E. M. (1997, October). *Lateral hypothalamic 5-HT release may influence mesolimbic dopamine during the male rat's PEI*. Paper presented at the meeting of The Society for Neuroscience (27th Annual Meeting), New Orleans, LA.
- Dominguez, J. M., Davis, R., Lorrain, D. S., & Hull, E. M. (1997, May). *A dopamine agonist in the MPOA of male rats restores copulation after amygdala lesions*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Baltimore, MD.
- Du, J., Dominguez, J. M., Wang, J., Putnam, S. K., & Hull, E. M. (1997, May). *Dopamine facilitation of copulation in castrates depends on steroid hormone receptors*. Paper presented at the meeting of the Society for Behavioral Neuroendocrinology, Baltimore, MD.
- Dominguez, J. M., Davis, R., Lorrain, D. S., & Hull, E. M. (1997, November). *A dopamine agonist in the MPOA of male rats restores copulation after amygdala lesions*. Paper presented at Sigma Xi, The Scientific Research Society, Chapter Meeting, Buffalo, NY.
- Dominguez, J. M., & Hull, E. M. (1995, November). *Inhibition of nitric oxide synthase impairs copulation, but not sexual motivation or motor activity, in male rats*. Paper presented at Sigma Xi, The Scientific Research Society, Chapter Meeting, Buffalo, NY.
- Dominguez, J. M., & Hull, E. M. (1994, November). *Inhibition of nitric oxide synthase impairs copulation, but not sexual motivation or motor activity, in male rats*. Paper presented at the National Ronald McNair Scholars Meeting, State College, PA.
- Dominguez, J. M., & Hull, E. M. (1994, June). *Inhibition of nitric oxide synthase impairs copulation, but not sexual motivation or motor activity, in male rats*. Paper presented at the 26th Conference on Reproductive Behavior, Bethlehem, PA.

INVITED SYMPOSIA:

- Dominguez, J. M. (2006, March). *Genes, transmitters, and sexual experience*. Symposium conducted at the Workshop on Steroid Hormones and Brain Function/Seventh Annual Conference on Sex and Gene Expression—Combined Meeting, Breckenridge, CO.
- Dominguez, J. M. (2003, June) *The Cincinnati Zoo: Endocrinology in Unusual Settings*. Symposium conducted at the Annual Meeting of the Society for Behavioral Neuroendocrinology, Cincinnati, OH.

INVITED PRESENTATIONS/COLLOQUIA:

- Dominguez, J. M. (2013, April). *Hypothalamic and endocrine modulation of natural and artificial reward*. Invited presentation for the Howard Hughes Medical Institute, Inquiry Initiative, at Southwestern University, Georgetown, TX.
- Dominguez, J.M. (2013, March). *Brain and hormone influence on natural and artificial reward*. Invited presentation for the McGraw Lecture Series, The University of Texas, Austin, TX.
- Dominguez, J. M. (2012, October). *Hypothalamic and endocrine modulation of natural and artificial reward*. Invited presentation for the Neuroscience Program at Trinity University, San Antonio, TX.
- Dominguez, J.M. (2012, October). *The pleasure principle*. Invited presentation for the Osher Lifelong Learning Institute, Austin, TX.
- Dominguez, J. M. (2011, April). *Preoptic-hypothalamic modulation of reward*. Invited presentation for the Department of Department of Neurobiology and Anatomy at The University of Texas Medical School, Houston, TX.
- Dominguez, J. M. (2011, March). *Sex, drugs, and rock & roll: Why the MPOA matters*. Invited presentation for the Pharmacology Department at The University of Texas at Austin, Austin, TX.
- Dominguez, J. M. (2011, May). *Hypothalamic and endocrine modulation of cocaine reward*. Invited presentation for the Institute for Neuroscience at The University of Texas at Austin, Austin, TX.
- Dominguez, J. M. (2010, May). *The preoptic area: Sex, drugs, and rock & roll*. Invited presentation for the Institute for Neuroscience at The University of Texas at Austin, Austin, TX.
- Dominguez, J. M. (2009, October). *The MPOA and mating Behavior: Implications for mechanisms of reward*. Invited presentation for the Department of Psychology at the University of Michigan, Ann Arbor, MI.
- Dominguez, J. M. (2009, February). *The MPOA and Mating Behavior: Implications for mechanisms of reward*. Invited presentation for The Waggoner Center for Alcohol and Addiction Research, The University of Texas at Austin, Austin, TX.
- Dominguez, J. M. (2008, April). *The MPOA and mating behavior: Implications for mechanisms of reward*. Invited presentation for the Department of Psychology at The University of Texas, Austin, TX.
- Dominguez, J. M. (2008, November). *Mating in males: Dopamine, glutamate, and the preoptic area*. Invited presentation for the Institute for Neuroscience, The University of Texas at Austin, Austin, TX.

- Dominguez, J. M. (2008, March). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Psychology and Program in Neuroscience at Arizona State University, Tempe, AZ.
- Dominguez, J. M. (2008, January). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Psychology and Center for Neuroscience Research, University at Albany, The State University of New York, Albany, NY.
- Dominguez, J. M. (2008, March). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Psychology, Neuroscience & Behavior Program, University of California, Santa Barbara, CA.
- Dominguez, J. M. (2007, October). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Psychology, Behavioral Neuroscience Program, University of North Carolina, Chapel Hill, NC.
- Dominguez, J. M. (2007, September). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Biology, Program in Neurobiology, Biophysics, and Development, University of Maryland, College Park, MD.
- Dominguez, J. M. (2007, July). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Psychological and Brain Sciences, Johns Hopkins University, Baltimore, MD.
- Dominguez, J. M. (2006, November). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Psychology Department & Neuroscience Program, Michigan State University, East Lansing, MI.
- Dominguez, J. M. (2005, October). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Department of Psychology, American University, Washington, D.C.
- Dominguez, J. M. (2005, November). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Psychology Department & Center for Neuroscience, University of Illinois at Chicago, Chicago, IL.
- Dominguez, J. M. (2004, September). *Male reproductive behavior: Regulation by glutamate and dopamine in the preoptic area*. Invited presentation for the Psychology Department & Neuroscience Program, Florida State University, Tallahassee, FL.
- Dominguez, J. M. (2004, July). *Activation of NMDA receptors in the medial preoptic nucleus is essential for the expression of Fos and male sexual behavior*. Young Investigator Award Presentation, Meeting of the Society for Behavioral Neuroendocrinology, Lisbon, Portugal.
- Dominguez, J. M. (2004, June). *Keynote Address*. Invited presentation for the Ronald McNair Minority Student Conference, University of Buffalo, Buffalo, NY.
- Dominguez, J. M. (2004, January). *Influences of medial preoptic glutamate and dopamine on male sexual behavior*. Invited presentation for the Psychology and Molecular Biology Departments, Princeton University, Princeton, NJ.
- Dominguez, J. M. (2003, November). *Copulation-induced activation of NMDA and AMPA receptor containing neurons in the medial preoptic nucleus*. Invited presentation for the Society for Neuroscience Annual Meeting, Orlando, FL.

Dominguez, J. M. (2001, November). *Regulation by the medial amygdala of medial preoptic dopamine and male sexual behavior*. Invited presentation for the Department of Molecular Biology & Neurobiology, University of Cincinnati College of Medicine, Cincinnati, OH.

TEACHING

TEACHING EXPERIENCE:

Courses (course title):

- Hormones and Behavior*
- Neurobiological Basis of Behavior
- Biopsychology
- Physiological Psychology*
- Sensation and Perception
- Brain and Behavior
- Biopsychology of Reproduction*
- Introduction to Psychology
- Psychology as a Natural Science
- Biological Basis of Mental Disorders
- Advances in Mental and Neurobiological Disorders
- Behavioral Neuroscience

* Denotes graduate-level course

SUPERVISION OF UNDERGRADUATE STUDENT-RESEARCH ASSISTANTS:

1. Julia Martz (undergraduate Honors student), BS in Psychology, 2014.
2. Eric Harvey, BS in Psychology, 2014, presently neuroscience graduate student at UCLA.
3. Helen Hoang, BS in Psychology, expected 2015.
4. Jacquelyn Alvarez, BS in clinical laboratory sciences, 2014, presently Houston Methodist Hospital.
5. Samira Chowdhury, BS in neurobiology 2013, presently graduate student of health policy and management at Emory University.
6. Isha Kaul, BS in neurobiology 2013, presently medical student at the University of Texas Medical Branch Galveston Texas.
7. Trisha Lalapet, BS in microbiology 2013, presently graduate student of pharmacology at Texas Tech University Health Sciences Center.
8. Emily Daddesio, BS in neurobiology 2012, presently medical student at Univ Texas Health Science Center at San Antonio.
9. Divya Janardhanan, BS in neurobiology 2012, presently medical student at Texas Tech University Health Sciences Center.
10. Huy Nguyen, BS in neurobiology 2012, presently medical student at Texas Tech University Health Sciences Center.
11. Julia Scott, BS in neurobiology 2012, presently medical liaison for Medical Innovative Technologies in Hawaii.
12. Sameera Siddiqi, BS in neurobiology 2012, presently medical student at Texas Tech University Health Sciences Center.
13. Laura Ryan (undergraduate Honors student), BS in psychology 2010, presently graduate student in accounting, University of Texas Austin.
14. Rebecca Price, BS in Psychology 2009, presently graduate student, McGill University, Montreal Canada, Neuroscience Dept.

15. Anna Olsen, BS in Psychology 2009, presently graduate student McCallum School of Business, Pennsylvania.
16. Sofia M. Muñiz, BS in Psychology 2008 (Ronald McNair Student), presently graduate student Columbia University, NY.
17. Zachary Hurwitz, BS in Psychology 2008; PhD American University, Department of Psychology. 2012; presently postdoctoral fellow Johns Hopkins University.
18. Ashley T. Westerman, BS in Psychology 2008 Summa Cum Laude. Graduate student, Johns Hopkins University, Department of Psychology. Presently associate professor Blue Ridge Community College, Virginia.
19. Christie Pizzimenti, BS in Psychology 2008, presently graduate student, Oregon Health Science Center, Dept Behavioral Neuroscience.
20. Elizabeth Beaudry, BS in Psychology 2007, licensed therapist presently Sibley Hospital, Washington, D.C.
21. Kristin Clements, BS in Psychology 2007, presently Research Scientist at Walter Reed Army Medical Institute.

SUPERVISION OF DOCTORAL STUDENTS:

1. Daniel Tobiansky, *Ph.D.* 2014, The University of Texas at Austin, BS 2006 DePaul University, and MA 2009 Florida Atlantic University. Postdoc at the University of British Columbia.
2. Victoria (Tori) Nutsch, BS and BA 2008 University of Washington. Ph.D. student at The University of Texas at Austin.
3. Ryan G. Will, BS 2011 Centre College. Ph.D. student at The University of Texas at Austin.
4. Jonathan M. Turner, BS 2011 Vassar College. Ph.D. student at the University of Texas at Austin.
5. Krittika Krishnan, BS 2012 Mary Baldwin College. Ph.D. student at The University of Texas at Austin.

SUPERVISION OF POST-DOCTORAL FELLOWS:

1. Frank Puga, Ph.D. University of Texas at Austin, 2010-2011. Presently Senior Research Scientist, The University of Texas Health Science Center, San Antonio, Texas
2. Kevin Lominac, Ph.D. University of California Santa Barbara, 2012- present.

MEMBER, DOCTORAL DISSERTATIONS:

1. Daniel Tobiansky, Department of Psychology, The University of Texas at Austin.
2. Ryan Will, Department of Psychology, The University of Texas at Austin.
3. Victoria Nutsch, Institute for Neuroscience, The University of Texas at Austin.
4. Alexandra Garcia, College of Pharmacy, The University of Texas at Austin.
5. Michael Reilly, College of Pharmacy, The University of Texas at Austin.
6. Carey Pulverman, Department of Psychology, The University of Texas at Austin.
7. John Valenta, College of Pharmacy, The University of Texas at Austin.
8. James Reno, College of Pharmacy, The University of Texas at Austin.
9. Ashley Vena, College of Pharmacy, The University of Texas at Austin.
10. Yasisca Khouri, Department of Psychology, The University of Texas at Austin.
11. Bailey Kermath, College of Pharmacy, The University of Texas at Austin.
12. Christy Schier, College of Pharmacy, The University of Texas at Austin.
13. Michelle Naugle, College of Pharmacy, Institute for Neuroscience, The University of Texas at Austin.
14. Fabian Aguirre, Department of Psychology, The University of Texas at Austin.
15. Tierney Ahrold, Department of Psychology, The University of Texas at Austin.
16. Eimeira Padilla, Department of Psychology, Institute for Neuroscience, The University of Texas at Austin.

17. Christel Bastida, Department of Psychology, Institute for Neuroscience, The University of Texas at Austin.
18. Lauren O'Connell, School of Biological Sciences, Institute of Cell and Molecular Biology, The University of Texas at Austin.
19. Pete Roma, Department of Psychology: Behavior, Cognition and Neuroscience Program, American University.
20. Kevin Freeman, Department of Psychology: Behavior, Cognition and Neuroscience Program, American University.
21. Jermaine Jones, Department of Psychology: Behavior, Cognition and Neuroscience Program, American University.
22. Patricia Hall, Department of Biology: Behavior, Cognition and Neuroscience Program, American University.
23. Tamara Blutstein, Department of Pharmacology & Experimental Therapeutics, University of Maryland, School of Medicine.

MEMBER, MASTERS THESIS:

1. Terena Herbert, Department of Chemistry: Behavior, Cognition and Neuroscience Program, American University.
2. Sarah Moore, Department of Psychology: Clinical Psychology Program, American University (Defended, October 2007).
3. Stephen J. Kohut, Department of Psychology: Behavior, Cognition and Neuroscience Program, American University (Defended, May 2007).
4. Jennifer Rinker, Department of Psychology: Behavior, Cognition and Neuroscience Program, American University (Defended, June 2007).

BROADENING PARTICIPATION OF UNDERREPRESENTED STUDENTS IN SCIENCE:

- **Director**, 2008-2014, The Summer Undergraduate Research Experience (SURE), The University of Texas, Department of Psychology.
SURE is an internship program for undergraduate students who are interested in research in psychology. It matches students from underrepresented groups, who are attending college or university anywhere in the state of Texas, with members of the faculty in the Department of Psychology at UT. While in the SURE program, students actively participate in ongoing research in their respective laboratories. Participating members of the faculty, including myself, involve students in meaningful ways in various research projects. With this hands-on experience our graduates become more competitive for graduate research programs. In fact, most graduates of the SURE program have gone on to attend top graduate departments in psychology or other behavioral sciences.
- **Mentor**, Ronald McNair Program, 2006 – 2008.
- **Judge**, neuroscience, National Research Conference for Historically Black Colleges and Universities Undergraduate Programs (HBCU-UP).
- **Judge**, neuroscience, Society for Advancement of Chicano and Native Americans in Science (SACNAS)

SERVICE

EDITORIAL BOARDS, MEMBER:

Behavioral Neuroscience, 2007 – present
Frontiers in Behavioral Neuroscience, 2011 – present
Learning & Behavior, 2007 – present
Physiology & Behavior, 2008 – present

GRANT REVIEW SERVICES:

National Institutes of Health, Biobehavioral Regulation, Learning and Ethology (BRLE) Study Section, section member, appointed July 1, 2012 – June 30, 2018.

National Institutes of Health, Biobehavioral Regulation, Learning and Ethology (BRLE) Study Section, ad hoc, 2011.

National Science Foundation, ad hoc, 2008, 2009, 2013.

National Science Foundation, MOD 1 review panel member, 2013.

PROFESSIONAL SERVICE:

National:

- American Psychological Association, elected to the Membership Board (Jan 2015-Dec 2017)
- Chair, Membership, Division 6, The American Psychological Association (APA; 2013-present).
- Awards Committee, The Society for Behavioral Neuroendocrinology (2013-present)
- Program Committee, The Society for Behavioral Neuroendocrinology (2009-2012).
- Judge for student presentations, Society for Advancement of Chicanos and Native Americans in Science
- Judge for presentations in neuroscience, National Research Conference for Historically Black Colleges and Universities Undergraduate Programs (HBCU-UP)
- Judge for poster presentations, The Society for Behavioral Neuroendocrinology Annual Meeting

Institutional:

- Steering Committee, The Department of Psychology, The University of Texas at Austin (2014-present)
- Graduate Diversity Committee, The Department of Psychology, The University of Texas at Austin (2014-present)
- Merit Review Committee, The Department of Psychology, The University of Texas at Austin
- Search Committee, Chair Department of Psychology (2014)
- Admissions Committee, Institute for Neuroscience, The University of Texas at Austin (2012-present)
- Minority Liaison, The Institute for Neuroscience, The University of Texas at Austin (2012-Present)
- Director, Summer Research Program, The University of Texas at Austin, Dept of Psychology (2008-2014).
- Institutional Animal Care and Use Committee (2006-2008).
- Graduate Curriculum Committee (2006-2008).
- Premed Committee (2006-2008).
- Ronald McNair Mentor (2006-2008).
- Education Committee, The Society for Behavioral Neuroendocrinology (2003-2005).
- Graduate Studies Committee (1997-2001).
