

MADLINE DIVINE
CURRICULUM VITAE
madeline.divine@utexas.edu

EDUCATION

- Current **Clinical Psychology Ph.D. Candidate**, University of Texas
Member of Dr. Cindy Meston's Sexual Psychophysiology Lab
- 2017 **Bachelor of Science in Psychology**, University of Missouri – Columbia
GPA 3.95/4.00
Psychology Major, Multicultural Studies Certificate
- 2015 **Bachelor of Science in Business Administration**, University of Tulsa
Cum Laude
Energy Management Major, Geosciences Minor

RELEVANT SKILLS

Human Subjects Laboratory Research

- Complex clinical trials protocol design and development
- Clinical trials execution and maintenance
- Multimodal data collection with human subjects, including psychiatric patient populations

Project Management

- Organization, planning, and time management for large-scale and long-term data collection projects
- Financial management (budgetary management and inter-department communication)
- Refinement and development of evolving protocols based on project needs
- Creation and maintenance of regulatory and legal documents, including ethics board documents

Professional and Effective Written & Oral Communication with Diverse Groups

- Communication of goals and progress to team members, superiors, and staff across departments
- Presentation of research findings for academic audiences and professional committees
- Onboarding, training, advising, oversight of lower level research staff
- Contributions to fabrication of manuscripts and grants based on ongoing research
- Communication and support for clinical psychiatric populations

CURRENT POSITION

- 2020 **Teaching Assistant**, Introduction to Clinical Psychology with Dr. Gladys Valdez
The University of Texas | Austin, Texas
- 2018 – 2020 **Senior Research Specialist & Lab Manager**, The CLEAR Lab
University of Illinois at Chicago | Chicago, Illinois
Clinical Research Coordinator for the Women's Mental Health Research Program
Duties have included:
- Contributions to research design/protocol development and modification for the CLEAR-2 and CLEAR-3 trials (clinical trials focused on testing hormone stabilization protocols in women with ongoing suicidality);
 - Execution of protocol for the CLEAR-2 study, including recruitment of suicidal individuals, communication with medical supervisors, conducting diagnostic interviews, documentation, laboratory visit scheduling and execution, monitoring and maintaining daily rating logs, and hormone test scheduling.

- Drafting sections of grant applications that ultimately funded the CLEAR-3 trial;
- Regular review of grant budgets, reconciliation of grant budgets with expenditures;
- Creation and maintenance of IRB and regulatory applications and requirements for CLEAR-2 and CLEAR-3 trials;
- Data analysis, interpretation, and writing for publications produced from the similar CLEAR-1 trial;
- Onboarding & Management of 8-person research staff in the CLEAR-2 and CLEAR-3 trials, including training, scheduling, and monitoring task progress.

RELEVANT POSITIONS AND EXPERIENCE

2016 - 2017

Research Assistant and Assistant Lab Manager, Personality Dynamics Lab
University of Missouri – Columbia | Columbia, Missouri

- Worked alongside Dr. Laura A. King and her doctoral students to design, prepare for, conduct, and interpret data collected from studies involving human subjects on social cognitive factors in well-being.
- Duties performed included subject recruitment, data collection, preparing application materials, performing literature reviews, scheduling research assistants, and various administrative duties to maintain the lab.
- Member of Dr. Laura A. King’s research team. Conducted data collection and recruited subjects for multiple studies involving human subjects and varied methods of measuring social-cognitive factors in decision making.

2014

Fields & Development Research Assistant, IHS Global Ltd.
Aberdeen, Scotland, United Kingdom

- Coordinated research protocols designed to track discoveries, fields, projects, procurement activity, operators, and offshore infrastructure and vessels alongside the Fields and Development team to shape decision making over time.
- Conducted focused research projects regarding the financial impact of efforts to indigenize the oil and gas industry in West Africa, including the effects of the "resource curse" in this region, and the subsequent implementation of strict and complex local content legislation in order to combat the effect.
- Presented research findings to supervisory group and wrote sections for publication in company reports.

2013

Asset Research and Strategy Development Assistant, Devon Energy Corporation
Oklahoma City, Oklahoma

- Completed a presented and written research project focused on evaluating various strategies for overcoming regulatory challenges in Southeast New Mexico while developing working relationships with potash mining companies and the Bureau of Land Management.
- Spent an extended period in Texas preparing qualitative research reports and running title using Wise County courthouse records.
- Reviewed, drafted, and edited land-related legal documents to build and maintain Devon’s mineral interests in the Permian Basin, including, but not limited to Joint Operating Agreements, federal, state and fee leases, Operating and Communitization Agreements and well proposals.

OTHER POSITIONS AND EXPERIENCE

- 2017 – Present **Chairperson of the Board**, The Divine Foundation
Elected Executive Officer of a non-profit organization which provides collegiate scholarships to select qualified applicants on an annual basis. Responsible for scholar selection, as well as coordinating decision-making, administrative and financial duties to maintain the organization.
- 2019 – Present **Volunteer for the Garfield Park Conservatory**, Chicago, Illinois, 2 hours per week
General Horticulture
- 2017-2018 **Volunteer Mentor and After-school Caretaker**, Boys and Girls Club of Columbia, Columbia, Missouri, 5-7 hours per week
- 2017-2018 **Volunteer Caretaker**, Laclede Groves Senior Center, Saint Louis, Missouri, 2-3 hours per week
- 2016 **Volunteer for the University of Missouri Disabilities Lab**, assisting clinical populations with reading tasks, Columbia, Missouri, 3 hours per week
- 2015 **Professional Development Program**, Magellan Midstream Partners
Tulsa, Oklahoma
Hired by Magellan to participate in a fast-paced management training rotation, including the company's accounting, financial, legal, and human resources departments. Responsibilities included producing daily financial reports, commodities accounting, invoicing and communications with clients, and recruitment and selection of new employees and program participants.
- 2014 **Asset Research and Strategy Development Assistant**, Southwestern Energy Co.
Houston, Texas
Hired by Southwestern to lead a project ratifying all assets in the Fayetteville shale. This involved the application of project management skills to coordinate two different asset teams, the geology department, an external legal firm, and the Arkansas Oil and Gas Commission (regulatory group). My team was able to ensure 15 separate mineral leases, paying for the cost of my own hire. Created and delivered an informative presentation to upper management summarizing the project and my work.

PUBLICATIONS

Divine, M., Ozturk, S., Kania, A., Buchert, B., Wagner-Schuman, M., Miller, A. & Eisenlohr-Moul, T. (in prep). Lifetime Prevalence of Self-Injurious Thoughts and Behaviors in a Sample of 620 Patients Reporting a Prospective Clinical Diagnosis of Premenstrual Dysphoric Disorder.

Eisenlohr-Moul, T., Giase, G., **Divine, M.**, Prinstein, M., Rubinow, D., & Girdler, S. (in prep). Steroid withdrawal regulation of suicidality is accompanied by neurosteroid withdrawal and increased inflammatory cytokines.
